Community Distributed Energy Resource (“DER”) Facility Disclosure Form		
<p>Customer Information</p>	<p>Name: Service Address: Phone: Email Utility:</p>	<p>Mailing Address (if different):</p>
<p>Distribution Utility</p>		
<p>Overview</p>	<p>This document describes your Community DER Subscription Agreement. In the event that the terms in this statement conflict with terms appearing elsewhere in your contract, the terms in this statement are controlling. Read this document and the contract carefully so that you fully understand this agreement.</p>	
<p>Subscription Fee and Savings Rate</p>	<p>Each month, you will receive credits on your electric utility bill based on the electricity generated and/or stored by the project. Your subscription fee will be automatically taken from the credits you receive on your utility bill. Your subscription fee is equal to 90% of the value of the credits you receive each month.</p> <p>After the credits are reduced by the subscription fee, you will receive savings equal to 10% of the credits you receive.</p> <p>We reserve the right to decrease the fee (i.e., provide you with greater savings) at our sole discretion by notifying you in writing.</p> <p>You will not be charged any other fees.</p>	
<p>Project Location and Customer Allocation</p>	<p>We reserve the right to assign you to any eligible project based on available capacity and will notify you by email when you are assigned to a project. We will determine the size of your allocation based on your historical electricity usage over the previous 12 months (or as many months as available) and we may change your allocation over time based on ongoing analysis of your usage data, not to exceed 100% of your estimated usage on an annual basis. We will provide you with written notice once you have been initially assigned to a project, including the project location and DER type.</p>	
<p>Length of Agreement and Renewal</p>	<p>This agreement shall continue indefinitely until terminated in accordance with the provisions of Section 5 of the Agreement, unless we notify you of a shorter term at the time you are notified of your specific project. Regardless of your term length, you may cancel early for any reason with no fees or penalty.</p>	

<p>Early Termination</p>	<p>There are no early termination fees for this agreement.</p> <p>In our experience, it could take the utility up to 90 days to process the cancelation. Until we notify you in writing that your cancelation has been processed by the utility, you may continue to receive credits, with the subscription fee automatically taken as described above, for up to 90 days after your request to cancel.</p>
<p>Estimated Benefits</p>	<p>You will save 10% on the value of community DER credits received on your utility bill (unless we notify you that we have decreased the price, i.e., provided you with greater savings, in which case the estimated benefits to you will increase).</p> <p>For clarity, here is how savings get calculated (all numbers are examples):</p> <ul style="list-style-type: none"> ● Estimated annual electricity/storage cost = \$1000 ● Share of the DER project = 0.277% or 10,000 kWh ● Bill credit value = \$0.10 / kWh ● Savings = 10,000 kWh * \$0.10 / kWh * 10% = \$100 <p>Actual savings will depend on your typical annual electricity usage, monthly DER production and/or storage which is affected by seasonal variation and the weather among other factors, and the value of community DER credits which changes over time based on rates set by the utility and governmental entities.</p>
<p>Guarantees</p>	<p>You are guaranteed to save money on your utility bill equal to 10% of the credits you receive. We reserve the right to decrease the price (i.e., provide you with greater savings) at our sole discretion by notifying you in writing.</p> <p>This contract does not guarantee that you will pay more or less in total utility-related charges in any particular month. This contract also does not guarantee the value of community DER credits you receive, which is calculated by your utility. This contract does not guarantee a minimum level of system performance, production and/or storage of energy.</p>
<p>Data Sharing and Privacy Policy</p>	<p>Arcadia will retrieve data from your utility account. As described in Arcadia's General Terms of Service, this information may include personal customer information, utility usage information, utility bill amounts due, service address and any other information from your utility that may be necessary to provide Arcadia's services.</p> <p>This information will be used for a variety of purposes to provide Arcadia's services, including without limitation: viewing your utility bill to identify the amount of community DER credits actually received and to calculate your savings, analyzing your energy usage on an ongoing basis to calculate the appropriate allocation size, analyzing your utility bills to confirm eligibility for community DER, and analyzing your utility bills to identify the information needed for community solar enrollment (such as account number).</p> <p>Arcadia's privacy policy and terms of use are available online at legal.arcadia.com.</p>

Right to Cancel Without Penalty	<p>You have the right to terminate the contract without penalty within three business days after signing the contract by notifying Provider at 866-526-0083, support@arcadia.com, 5600 S Quebec St D320, Greenwood Village, CO 80111</p> <p>You may also cancel the contract without penalty throughout the entire term.</p>
